

beyond insuring cannabis. *ensuring continuity.*

The cannabis industry landscape is amongst the most dynamic in today's business world. Owners need a insurance partner they can trust.

why FBinsure?

Access to our client portal filled with HR & compliance resources

Unique & pro-active risk assessment process to identify your total cost of risk

Clear plan of tailored strategies crafted to attack your risk

Industry leaders seeking stability in a rapidly changing market have found a home with **FBinsure** and its risk advisory services. Whether you are a business veteran capitalizing on the abundant opportunities in the world of cannabis, or you are new to developing the strategies for a successful business, our team of risk professionals will work with you through our risk reduction approach to identify and control risk in your organization.

our process

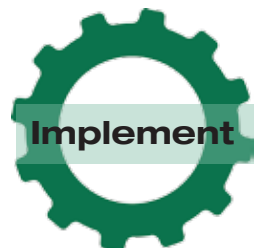

FB Risk Advisors utilize five methods of risk management in our unique process designed to address risk specific to your organization. Our unique process

results in a tailored Risk Reduction Plan with PROACTIVE

strategies to ensure you accurately prevent, mitigate, transfer and assume risks in addition to traditional financing of risk. We roll

up our sleeves and work directly with you and your team to control risk in your organization.
